

Information

ENEVÄGEN 24, 474 92 Ellös

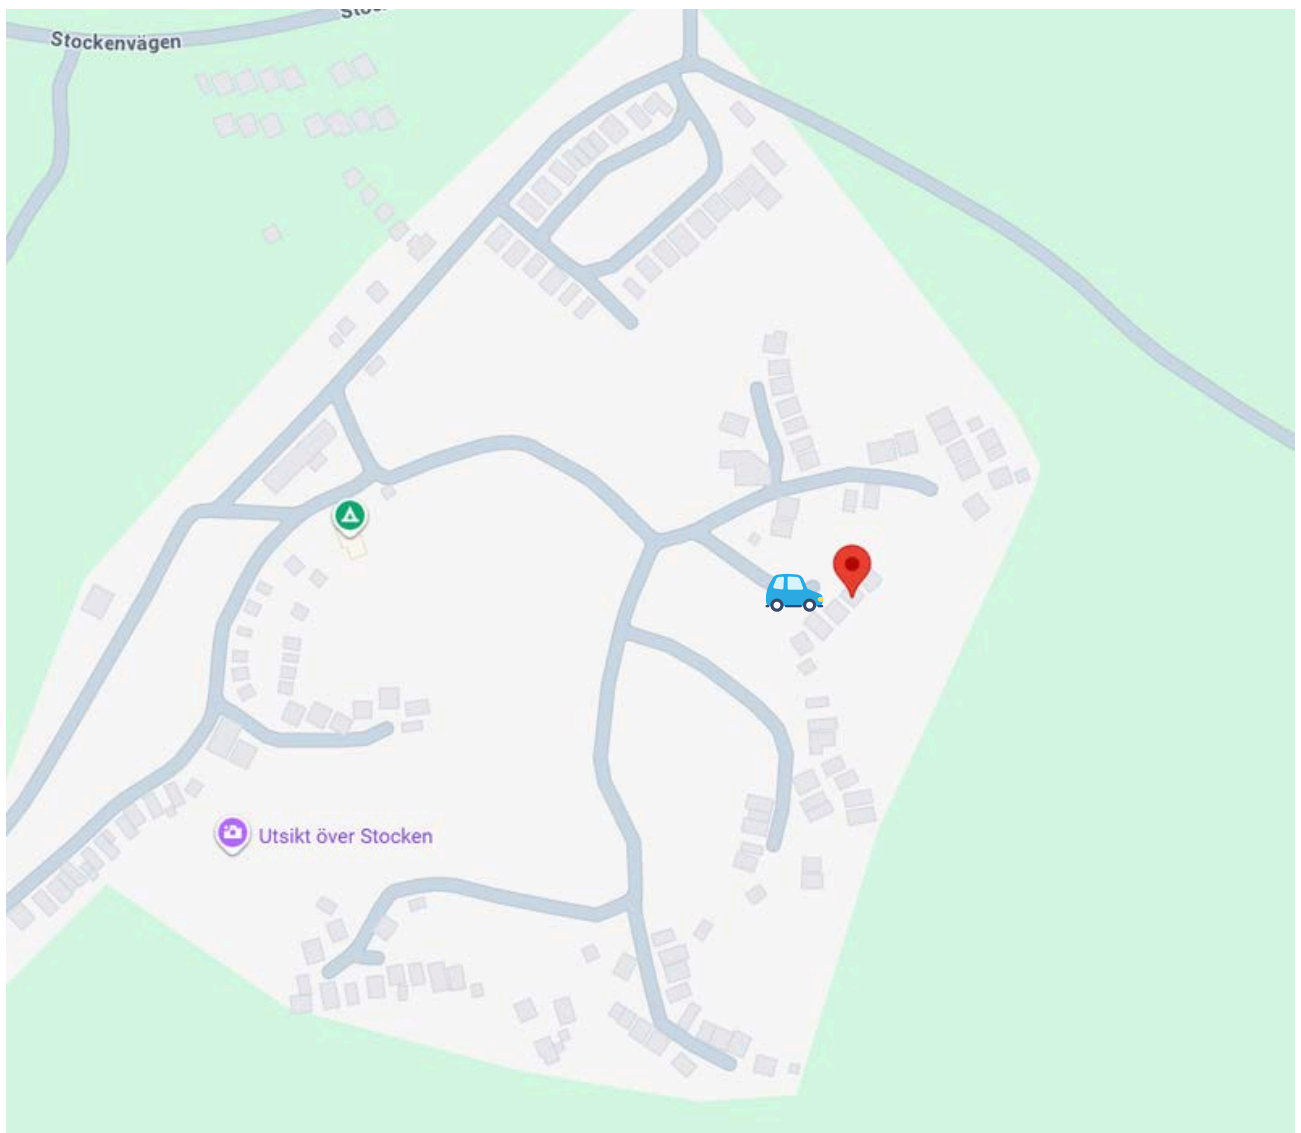

<https://maps.app.goo.gl/1WgkTysqTECp3u9h6>

Parking

You can drive right up to the house and unload there.

Then park in the parking lot below the cottage.

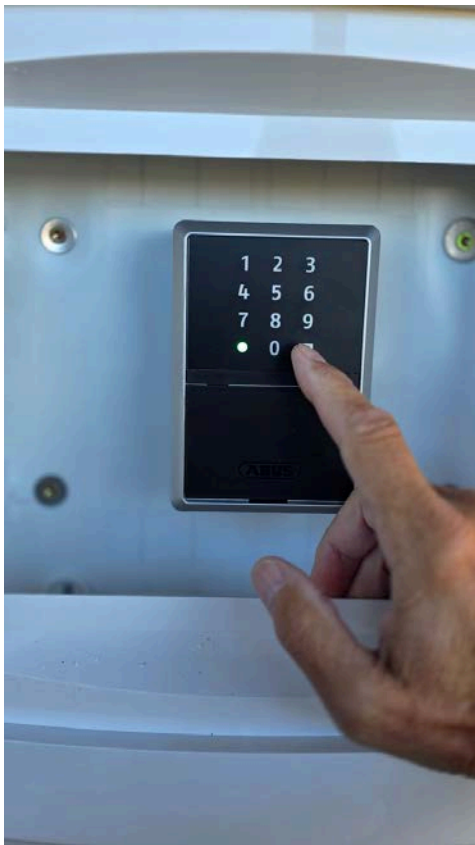

Code lock for key:

The code lock is protected in a cabinet marked with electricity.

Open the cabinet:

Inside you will find the key safe. The code will be sent to you via Airbnb. This changes after each visit.

First press the “back key” Wait until the green light goes out.

Then enter the code and the cabinet will open when it lights green.

Bed linen:

There are duvets and pillows available. However, we see that you bring your own sheets and pillowcases and towels.

Wifi:
Notified in your cases or emails

Kitchen timer:

The kitchen is equipped with a timer set for 60 minutes. In the kitchen, the microwave, toaster, etc. are connected to the timer.

TV:

TV has access to Apps via a Strong decoder.

Use only this control. Turn on the decoder and it should light up blue when it is turned on. It will take about 30 seconds for the TV to start.

Air source heat pump:

You regulate the temperature according to the picture.

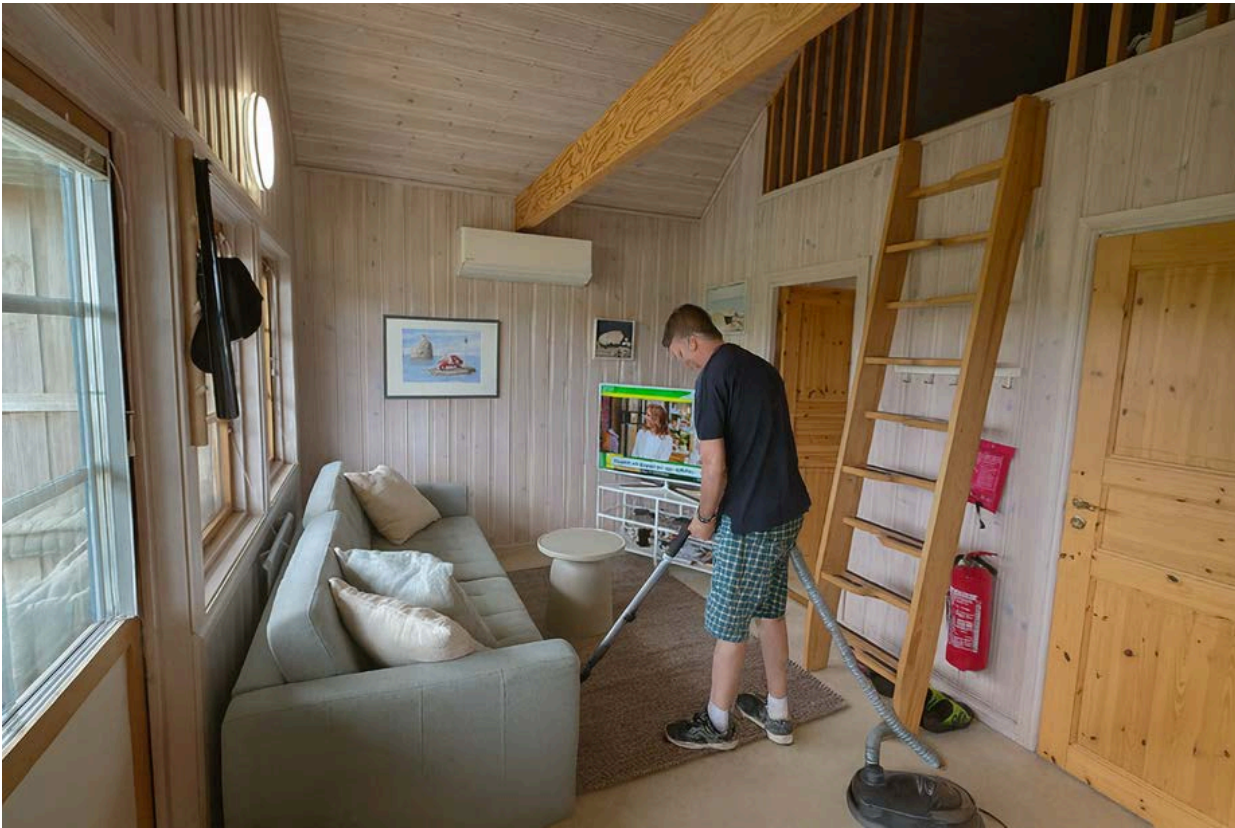

Lighting upstairs:

Turn on and off as shown in the picture. If you sleep upstairs, you can take the remote control with you upstairs to turn the light on and off.

Cleaning

We see that you leave the house as you found it. Cleaning supplies are available in the cottage.

Waste management.

You will find garbage bins and food recycling bins next to the parking lot below the cottage. Please empty your trash there after your visit.

Summary.

In the document you will find information about:

A warm welcome.

Host Glenn Ljunggren. 0707-905485
